From doormat to dreamgirl : act like a prize and you'll turn him into a believer -- Why men prefer bitches : cracking the code : what every nice girl needs to know -- The candy store : how to make the most of your feminine and sexual powers -- Dumb like a fox : how to convince him he's in control while you run the show -- Jumping through hoops like a circus poodle : when women give themselves away and become needy -- Nagging no more : what to do when he takes you for granted and nagging doesn't work -- The other team's secret "playbook" : things you suspected but never heard him say -- Keeping your pink slip : the reasons that holding your own financially gives you power -- How to renew the mental challenge : how to regain that "spark" -- The new and improved bitch : the survival guide for women who are too nice

This no-nonsense guide delivers a unique perspective as to why men are attracted to a strong woman who stands up for herself. The author reveals why a strong woman is much more desirable than a "yes woman" who routinely sacrifices herself, providing answers to such questions as: Why are men so romantic in the beginning and why do they change? Why do men take nice girls for granted? Why does a man respect a woman when she stands up for herself? She helps you know who you are, stand your ground, and relate to men on a whole new level. Once you've discovered the feisty attitude men find so magnetic, you'll not only increase the romantic chemistry in the relationship--you'll gain your man's love and respect with far less effort.--From publisher description
